ALGAE FOAM PAD **NEW MODEL**

3 PIECE COMP **NEW MODEL**

EXTRA STRONG LEASH - 7', 8'

QUAD REAR FIN

CHANGE ROBE - S, L **NEW MODEL**

Life is what happens while you're busy making other plans.

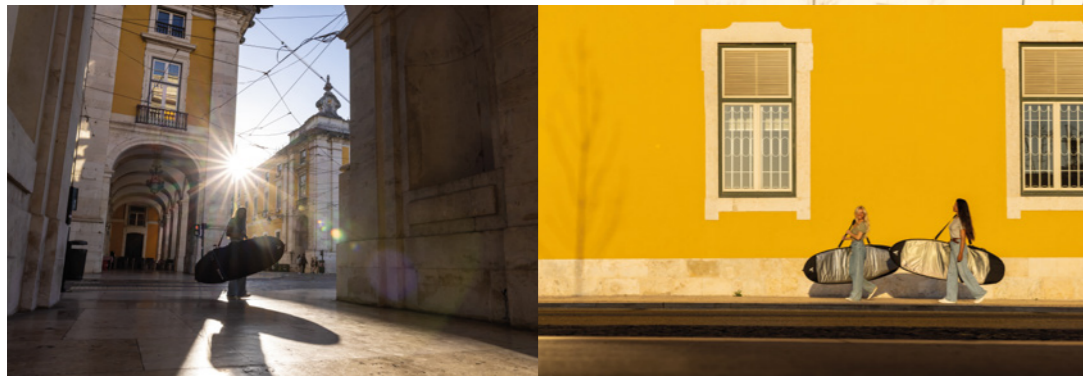

Sometimes surfing takes you to new places, unfamiliar backdrops and exotic waves. Sometimes it's closer to home: the pre-work dawning, a weekend down the coast or just checking a sand bar further up the beach.

Let's be honest, if the 80/20 rule applies to surf travel, this is the 80. So let's plan for the daytrip and the everyday. After all it's the mid-week surf that keeps the fire alive.

This time @maria.navarro.de.castro and @claudiapintoo escape the city with master lensman @ricarbravo

ESCAPE THE CITY

BOARDBAGS

BOARD SOCK

Shortboard:	6'0, 6'3, 6'6, 7'0
Fish/Hybrid:	5'8, 6'0, 6'6
Fun:	7'0, 7'6, 8'0
Long:	8'6, 9'2, 9'6
Skim:	55"
Bodyboard:	45"

DAYLIGHT

Shortboard:	5'4, 5'8, 6'0, 6'4, 6'8
Fish/Hybrid:	5'4, 5'8, 6'0, 6'4, 6'8,
Fun:	7'0, 7'6, 8'0
Long:	8'6, 9'2, 9'6

DAYLIGHT-PLUS

Shortboard:	5'4, 5'8, 6'0, 6'4, 6'8
Fish/Hybrid:	5'4, 5'8, 6'0, 6'4, 6'8,
Fun:	7'0, 7'6, 8'0
Long:	8'6, 9'2, 9'6

The Daylight Plus has improved durability than the usual lightweight day bags. As well as the extensive Roam daylight features: 5mm high density padding throughout, heat reflective material outside and wax resistant material inside, generous padded carry handle with a buckle free strap, longer zip and tail darts, the Plus model has a tough 600D nylon side to resist the wear and tear of daily use. The cut is slightly wider in the tail than our Tech bag so you can chuck in a wetsuit or put your board in a board sock for extra protection.

BOARD BAGS

TECH

Shortboard:	5'8, 6'0, 6'4, 6'8
Fish/Hybrid:	5'4, 5'8, 6'0, 6'4, 6'8
Fun:	7'0, 7'6, 8'0
Long:	8'6, 9'2, 9'6

TECH DOUBLE SLIM

Shortboard:	5'8, 6'0, 6'4, 6'8
Fish/Hybrid:	5'8, 6'0, 6'4
Fun:	7'0, 7'6, 8'0
Long:	9'2

COFFIN WHEELIE

3-4 Boards:	6'3, 6'6, 7'0, 7'6, 8'0
2 Boards:	8'6, 9'2, 9'6

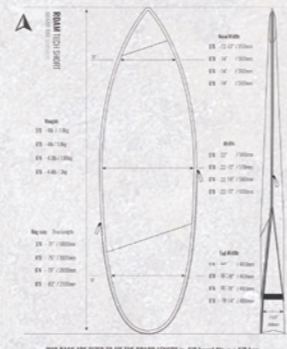

TECH PLUS

Shortboard:	5'8, 6'0, 6'4, 6'8
Fish/Hybrid:	5'4, 5'8, 6'0, 6'4, 6'8
Fun:	7'0, 7'6, 8'0
Long:	8'6, 9'2, 9'6, 10'0

COFFIN

3-4 Boards:	6'3, 6'6, 7'0, 7'6, 8'0
2 Boards:	8'6, 9'2, 9'6

Need a bag to fit a board?
We publish the exact internal measurements of our bags on our website.

#travelttested

TECH DOUBLE SLIM PLUS

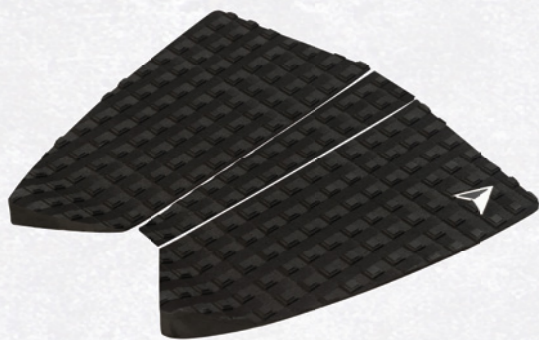

Shortboard:	5'8, 6'0, 6'4, 6'8	Fun:	7'0, 7'6, 8'0
Fish/Hybrid:	5'8, 6'0, 6'4	Long:	9'2, 10'0

The Tech Double Slim Plus is the travel surf bag every surfer needs. Now upgraded to a coffin style YKK molded zipper and heavy duty woven silver reflective side, this is a Coffin spec bag disguised as a single board bag.

The design is the same feature rich, travel tested specification from our Tech bag. The Double Slim, also has an expanding hidden sidewall to convert from a single to a double board bag and back to a single in an instant. Unless you are travelling with a pro's full quiver, this is the ultimate travel bag.

TAILPADS

FISHES

2+1 PIECE

- 2+1 Piece Design
- No Arch
- 20mm Kick Tail
- Square Groove
- 3M Glue

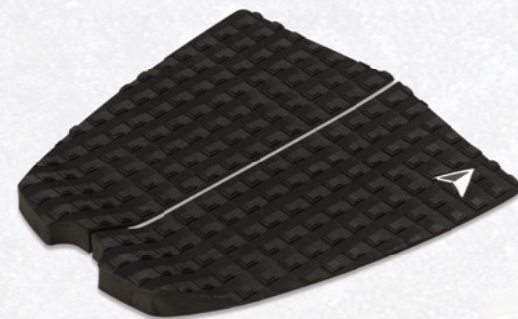

NEW COLORS

>2+1 ADAPTABLE

Adapt to fit, using the wedge center piece

THE FLAT PAD

2 PIECE

- 2 Piece Design
- No Arch
- 20mm Kick Tail
- Square Groove
- 3M Glue

NEW COLORS

HIGH PERFORMANCE

3+ PIECE

- 3 Piece Design
- 7.5 Arch
- 30mm Kick Tail
- Diamond Plus Groove
- 3M Glue

NEW COLORS

ALL ROUNDER

3 PIECE TAIL PAD

- 3 Piece Design
- 5mm Arch
- 25mm Kick Tail
- Diamond Groove
- 3M Glue
- Designed for most board shapes.

NEW COLORS

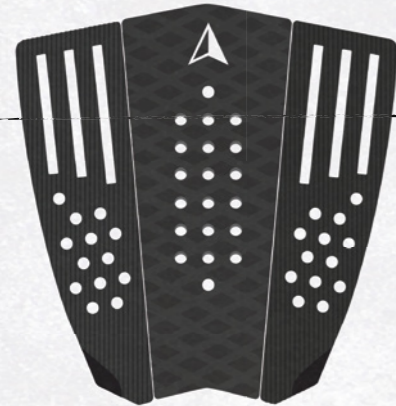

The 3 piece is your all round pad. It is a medium size with our middle height arch, middle height kick and a diamond cut texture. It has plenty of grip; providing a secure feeling but without too much of a locked in feel allowing some foot adjustment. It is a versatile pad for most boards - the 3 piece cut spreads to fit most tail widths, including mid-lengths - and the design suits most surfing styles, from performance to cruisey.

TAILPADS

NEW MODEL

HIGH PERFORMANCE - LIGHT

3 PIECE-COMP

The Comp combines the best features of our two most popular pads with added features, making it lighter and more grippy.

The 3 piece Comp has the shape from the 3 Piece - a super versatile shape we've used on almost any performance board or midlength. The texture is from the 3+ Piece pad, to give the most locked in feel, for back footed high performance surfing.

To add texture and reduce weight we designed the cutouts and reduced the pad thickness to 4mm making the whole pad around 15% lighter.

All ROAM pads are highest quality EVA with 3M glue.

> GRIPPIER AND LIGHTER

- 3 Piece Design
- 5mm Arch
- 25mm Kick Tail
- Corduroy and Diamond Plus Groove
- 3M Glue

NEW COLORS

NEW MODEL

ECO-ALTERNATIVE

ALGAE FOAM PAD

Algae foams are environmentally conscious replacements for traditional petroleum based EVAs.

Algae foam contributes two fold to the environment - the source material is algae removed from water ways to improve the quality of the eco-system and re-circulate fresh water. The foam derived from Algae replaces the traditional EVA foam used in pads which is an oil based foam, so less oil is used in making Algae based traction pads.

The Algae Foam pad is based on our best selling 3 piece pad, designed for most surfboard shapes.

- 3 Piece Design
- 5mm Arch
- 25mm Kick Tail
- Diamond Groove
- 3M Glue
- Designed for most board shapes.

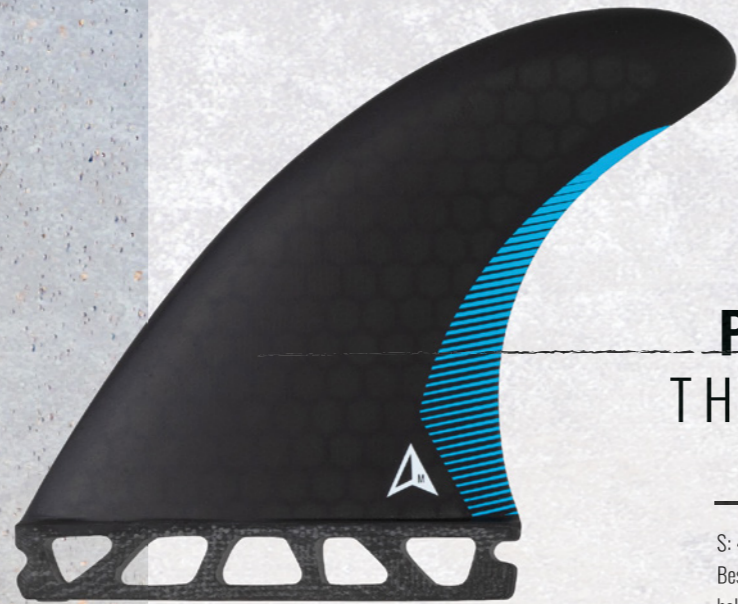

NEW COLORS

Algae foam pads are supplied in 100% recycled cardboard packaging, in a compostable bag.

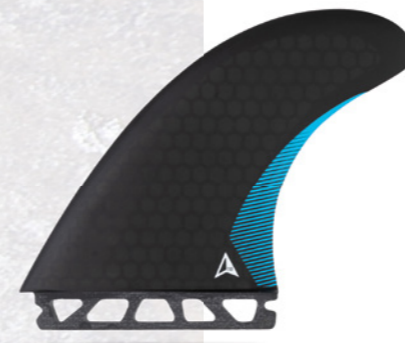

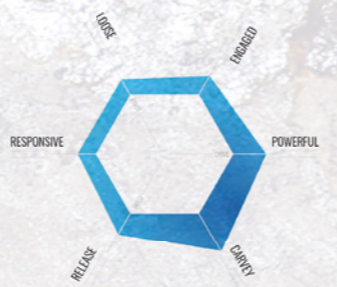

PERFORMANCE-THRUSTER

S: 4.41" / M: 4.57" / L: 4.72"

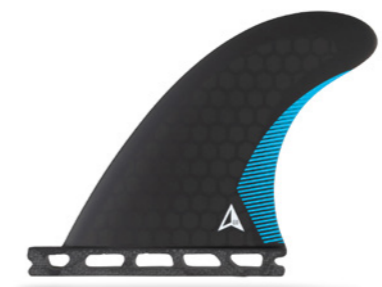

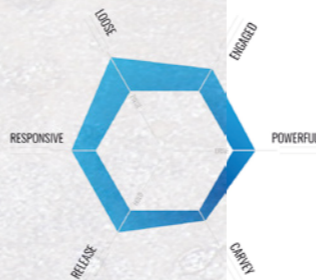

Best in powerful waves, the faster you go the better they feel. Designed to hold a high line in a barrel and for rail to rail surfing at high speed.

TWIN

5.14"

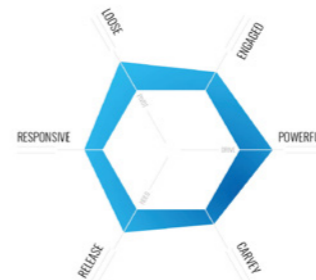

A performance twin fin template for modern twin fins. Suited for smaller waves and fast surfing.

QUAD REAR

4.05"

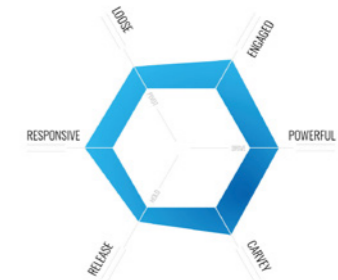

Quad rears to suit our Thruster front fin set, drive power through turns, but still loose and skatey on the flats.

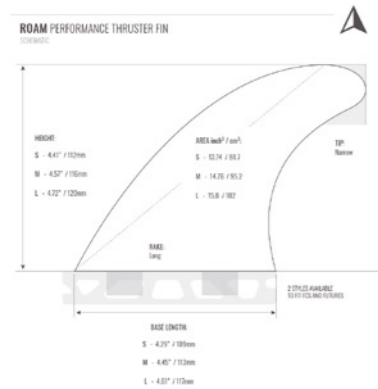

ALL ROUND THRUSTER

S: 4.37" / M: 4.57" / L: 4.65"

The go to fin for most boards in almost any waves. Predictable, powerful and forgiving, able to generate speed and drive.

FINS

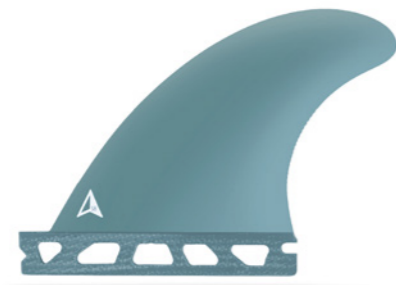

FIN DATA

All of our fins are supplied with schematics showing Height, Area, Rake, Base width and also tip. These numbers can be used to determine the feel and intended use of the fin.

FIN CHARACTERISTICS

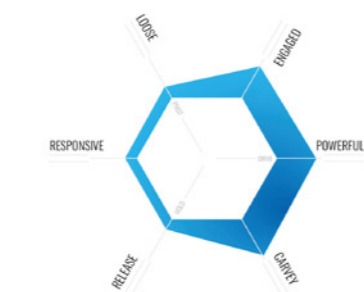

We have also rated each fin on Drive, Hold and Pivot to give an easy, quick reference for each fin.

SIDEBITE

3.57"

Designed to add drive and stability to single fin set-ups, our sidebite has a wide base with a fairly neutral tip.

NEW COLORS

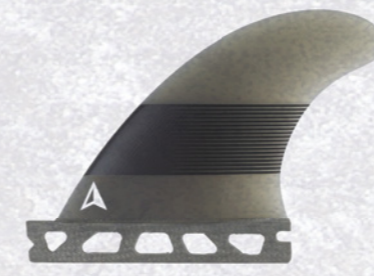

> DESIGNED TO ADD LIVELINESS TO ANY LONGBOARD

NEW MODEL

FLEX TIP

7.5", 8.5", 9.5"

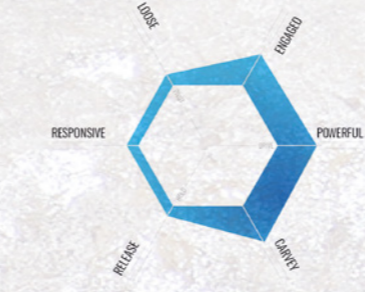

A Flex tip offers more flex than a traditional longboard fin making a board feel looser and adds a liveliness which can bring a whole new flow to your surfing.

SIDEBITE

3.57"

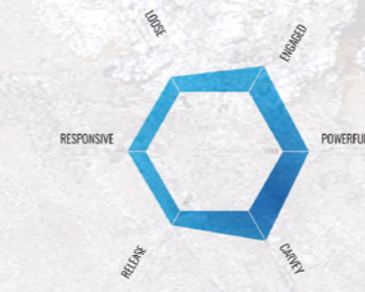

Designed to add drive and stability to single fin set-ups, our sidebite has a wide base with a fairly neutral tip.

LONGBOARD

4.5" / 6" / 7" / 8" / 9" / 9.75"

A balanced all round shape creating a fin to suit most mid-lengths and longboards in most wave conditions.

LEASHES

COMP LEASH

5' - 6'
Black, Blue, Orange, Seagreen, Graphite, White

High quality 6mm 1/4" urethane cord and 2" Lycra bound neoprene cuff is designed to be lightweight and minimal drag.

NEW COLORS

BODYBOARD BICEP LEASH

Small Cuff, Medium Cuff
Black, Blue, Orange

Featuring all the best components and highest quality materials. The cord is 7mm 9/32" urethane with a 32mm diameter coil, attached with stainless swivels at both ends and double stainless rings at the Lycra bound neoprene cuff.

BIG WAVE / SUP LEASH

6' - 7' - 8' - 9' - 10'
Black

Our more durable leash for when you need it most.
- An 8mm 5/16" cord is connected via stainless steel swivels and molded connectors to a secure triple lock rail saver and generous 2.5" neoprene padded ankle cuff.

> SPECIFICALLY DESIGNED FOR SURF SCHOOLS AND SURFBOARD HIRE

EXTRA STRONG LEASH

7' - 8'
Black

Designed specifically for surf schools and surfboard hire outlets, an extra strong leash for the boards that take the most wear and tear.
- A 7mm 9/32" cord and triple layer rail saver is upgraded with a fixed stand off to reinforce the most common point of breakage at the ankle.

PREMIUM LEASH

6' - 7' - 8' - 9' - 9' Calf
Black, Blue, Orange, Seagreen, Graphite, White

Our Premium leash has the highest quality 7mm 9/32" urethane, a super comfortable 2.5" Lycra bound neoprene ankle cuff, stainless steel swivels, molded cord ends and a triple locking rail saver.

NEW COLORS

RECYCLED LEASH

6' - 7' - 8' - 9' - 9' Calf
Black

Using Recycled Webbing, Recycled Urethane in the TPU cord and Recycled neoprene linings with Yulex natural rubber neoprene in the cuff, this is the lowest impact leash we can make right now. Combined with our super strong construction for extra lifespan this is the most sustainable leash solution available.

The recycled leash is supplied in 100% recycled cardboard packaging, at 30% smaller size and one colour print.

RACK PADS

TAILGATE PAD

30" wide for most surfboards and SUP

Durable pad system for any pickup truck. The protective foam pad is secured in place by heavy duty webbing straps and corrosion resistant buckles.

ROUND ROOF RACK PAD

Wide 17" / 43cm and Extra Wide 28" / 71cm

Designed to fit the square or round style of roof bars, using thick foam padding and a wax and water resistant material cover. They use a strong hook and loop closure that runs the length of the roof pad to securely wrap around roof bars. Supplied as a pair.

AERO ROOF RACK PADS

Wide 17" / 43cm and Extra Wide 28" / 71cm

For aerodynamic or elliptical style of roof bars, using thick foam padding and a wax and water resistant material cover. They use a strong hook and loop closure that runs the length of the roof pad to securely wrap around roof bars. Supplied as a pair.

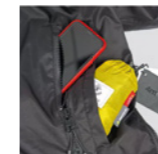

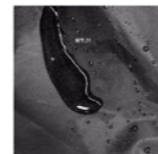

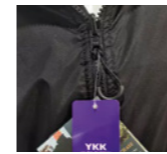

> RECYCLED
INNER AND OUTER
MATERIALS

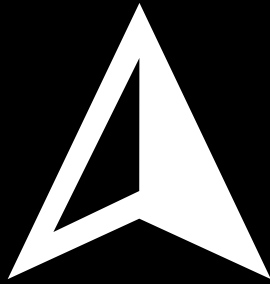

CHANGE ROBE

Small - Length 101cm / 40"
Large - Length 118cm / 46"

Oversized change robe designed to withstand the elements - waterproof outer lining, thick fleece interior, with wrist straps and hood with chin guard. Use it to change into a wetsuit, or just as another layer for surf checking and exploring. Features additional fleece lined hand warmer pockets and zipped pockets outside and fleece pockets inside.
